Electrical Conductivity Strips

Copper electrical strips are available for most 200 series Full Circle® Clamps. Factory installed conductor strips are glued between the gasket and the stainless steel band with contact buttons protruding through specially prepared gaskets. When ordering clamps with factory installed conductor strips, change the first digit of the last three digits in the catalog number to a 7.

EXAMPLE:

XXX-XXXXXX-700--Conductor strips and low alloy bolts.

XXX-XXXXXX-701--Conductor strips and stainless steel bolts.
